Netball

Friday 18th March sees our first Netball match of the year. Wells v Little Snoring. Our match starts at 4.00pm and should finish by 5.00pm.

School Lunches

Please do not forget that there will be an increase in the cost of pupil lunches after the Easter Holidays. The price will be £2.20 per day. I am sure you will agree that this still represents great value for money.

Bug Busting

Please be vigilant regarding Head lice, with your help we can eradicate this pest and keep any future outbreaks to a minimum. Thank you for your ongoing support.

Nursery

Nursery School had a fantastic trip to Park Farm in Snettisham this week. We helped to look after the animals on the Farm, including feeding these lambs. We also went on a deer safari in a tractor and trailer. Our children were a credit to us!

Thank you to all the parents who came with us too.

Yr 1

Year one have been learning all about measures in maths. We have been practicing ordering lengths and heights, as well as using a ruler or a metre stick to measure in centimetres. We followed the children's interests to measure our own body parts and went on to create a simple graph to answer the question 'who has the longest legs in year Yr 1

Yr 3

It was Passport Day last Thursday and all the children were split up so instead of being in their usual classes, they went off in mixed-

age groups to spend the whole day learning about an African country. My group looked at Morocco: we found it on a world map and enjoyed finding out about the country's main language, its capital and other facts. The

children made their own 'passports' with personal details and a fact-file in it. We made some oasis scenes, fezzes {Moroccan hats},

did some geometric patterns and we got to try some yummy Moroccan-style food!

We had a visiting African drummer called Anna Meduka at school that day too, the children took part in a drumming and dancing workshop. It was very exciting and also quite loud!

Yr 4

This week Year 4 will be looking at the punishments that were used 750 years ago. We will be thinking about whether they could be used today, and what effect they may have if they were used today. We will also be finishing our work on the City of London.

Yr 5

This week we have been finding out about the physical features and talents that we could inherit from our parents. It is amazing. Did you know that some people have dangly earlobes and others have no lobe at all?

Did you realise that some people's second toe comes to the same height as their big toe and other people have a second toe that is longer. What other things have children in your family inherited?

Yr 6

Well done to those children who arrived bright eyed and bushy tailed for revision clubs this week. Next week maths revision club will be on Wednesday rather than Tuesday. English will be on Thursday as normal. Thank you.

Diary Dates

March

Friday 18th Netball Match 4.00pm
Friday 18th PFA Easter Egg Bingo 6.00pm
In the Crusty Crab
Friday 18th Year 4 Story Café
