Year 6

What a fantastic morning we had on Friday! The children had great fun kayaking, despite the rather inclement weather. They were a joy to be with, showing superb teamwork and sense of fun. I will be posting a selection of photos on the website.

Year 5

We had a wonderful time at Egmere yesterday, making a fantastic bug hotel which will remain where it is for many years to come.

Egmere are developing an area where families can walk and picnic. The class will no doubt return to see how the bug hotel is developing. In the afternoon we travelled on to Holkham to gather some inspiration from the gardeners in the walled garden. Our own crops are coming on well – helped by the recent rain and sunshine.

Year 4

This coming week in Year 4 we will be looking at evaporation and condensation in our topic learning. In maths we will be investigating lines of symmetry in nature and in the theoretical maths world. In literacy we will be learning how to write a scientific report. You will be getting a letter soon telling you all about a very exciting whole school visit coming up in early July, can I please request that I have the permission slips back ASAP once you have the letters.

Year 3

So, off we went to Holkham Hall and the weather was with us..... for about five minutes, then it started to rain. And how it rained! Never mind, we all got there safely and everybody coped brilliantly with the walk there and back. Well done Year Three! The children enjoyed the Farm to Fork exhibition, which we went to in the morning. We were able to have lunch outside before going to the Play Area, then we had a trailer tour around the farm. We were able to see lots of crops and animals that we had learned about in the exhibition. After ice-creams (yum!), we set off for school and luckily we just managed to get back before the rain came on again. A reminder: our class assembly will be on Thursday 23rd June at 9: 10, in the hall. We look forward to seeing you there.

Year 2

We are busy finding out about where people go on holiday and why. Can I remind everyone that PE days are Monday and Wednesday and we expect children to have full PE kit on these days. This includes t-shirt, trousers or shorts and suitable shoes. Thank you for your support.

Newsletter 16th June 2016

Year 1

Year 1 are still thoroughly enjoying learning about Meerkats.

This week we have written Meerkat fact files. We have also learnt about carnivores, herbivores and omnivores. In our woodland learning session we investigated how animals camouflage

Nursery

What fun we had when the rain came down

and the floods came up....

Can you help please?

If anyone has any beads that they could give to Miss Mansell for Wednesday's 'Bead Club' she would be very grateful. Any size, colour, design or any spare necklaces Miss Mansell could cut up would be fantastic as well. Thank you.

Diary Dates:-

June

Monday 20th

Mini Monster Man Visiting Nursery, Reception & Yr 1
Yr 5 Story Café 1.30pm
