

Wells-next-the-Sea Nursery School Newsletter Autumn Term 2016 - Week 10

This week the children have been concentrating on the sounds they can hear both inside and outside the classroom. We have been making use of pots and pans for drumming, as well as listening to the sounds made when you walk or ride through a pile of leaves! We have also been using some listening games on the interactive whiteboard. The children have loved exploring these. Builders can be very noisy too!

The children have also been doing a bit of maintenance in the outside area in preparation for winter. The logs we use as benches had become very slippery, so the children gave them a good scrub. Our wildlife area also needed tidying and the water bath reinstating for the birds. It was a real team effort- thank you children!

The children continue to work together really well. It's lovely to hear them working things out together.

Diary dates

Next Tuesday, you are invited to stay and join in our maths activities from 9am until 10am. On Thursday, we will be holding an Open Morning, during which time you can take your child to look around the Reception Class. If you know of any younger children who will be starting at the Nursery School in the next year please can you let them know that they are very welcome to visit here too.

Juliet Hardy and Jenny Savoury (Nursery Team).
