

Wells-next-the-Sea Nursery School Newsletter Autumn Term 2016 - Week 6

We continue with our transport theme. This week it has been things that fly in the sky. We started by imagining we were on an airplane going somewhere special. We listened to the sounds that you could hear when taking off and landing. It was very loud! We made lots of different sorts of airplanes, from paper to ones we could sit on. We also imagined that shaving foam was clouds and made patterns in it and then poured blue water over it so it looked as though it had been raining!

Our next challenge was to make helicopters and kites. This resulted in lots of mathematical language, as well as pieces of card that spun round just like helicopter propellers and kites that flew behind the children as they ran.

Sometimes it's just nice to take a break and watch or work on your own!!

Staff changes- Mrs Cameron has been asked to work in the main school with year 2. She had been working there in the afternoons and therefore knew the children. We are very sad to see her go, but delighted that Miss Savoury has been asked to take her place. She has had 20 years of experience working with young children and has been accepted by all. Next week is Work Week. We look forward to seeing everyone on Wednesday for our Story Café and Train Ride.

Juliet Hardy and Jenny Savoury (Nursery Team).
