

This week, looking at things that live in the sea off our island, our focus has been the text "The Rainbow Fish". In the story the Rainbow Fish learns an important lesson about being a good friend. We talked about the story.

We looked at photos of different fish and identified the ones the children thought looked the best. The children then handled a mackerel before sketching it.

We decided you couldn't have fish without chips, so set up our own role play chip shop!

We then went "fishing" in our own "pond" following a downpour of rain.
