### 25<sup>th</sup> January 2016

#### Year 5 and Year 6 Success

What a terrific time Year 5 and Year 6 had at the O2 in London on Monday night. Your children are all superstars. Thank you to our wonderful staff for the seamless organisation and their time. A quote from a parent's thank you note who travelled to London to watch the performance 'What a wonderful day, all the children were amazing, we enjoyed every bit of the day, what a fantastic opportunity and experience for all children to have taken part in, it was heart-warming to watch'. Thank you to all parents for your support, especially collecting your children at such a late hour!

#### Even more success

Thank you for the great attendance last week. Next week I am hoping to report even better results. Year 2 were the recipients of attendance Monkey.

#### Year 2

In Year 2 we have finished studying Christopher Columbus and we are now looking at Antarctic explorers. In science we are looking at materials.

#### Year 3

We went outside and practiced Stone Age hunting skills, such as running fast to catch animals, running long distances to catch an injured animal; standing very still in order not to scare away our prey.

#### Year 4

In the next week Year 4 will be looking into the life of Queen Boudicca of the Iceni. This will be from when the Romans first landed right up until her death. We may even have a go at making some Roman catapults to quell this pesky Celtic revolution. We will also continue to look at mosaics.

#### Nursery

We have really enjoyed learning about what happens to the day when it becomes night. The children have been very creative making models from recycled materials.

#### Co-op

We would like to extend our grateful thanks to the Co-op in Wells who have raised the magnificent sum of £195.67 for our school. The money was raised through various Halloween themed activities such as Spooky hot-dogs, face painting, cookie decorating, apple bobbing and a raffle. A name the cat competition saw Cain, a pupil at the school, choose the winning name 'Carbon'. Many thanks for their generosity in giving us such tangible help.

#### Parent's Evening

Please don't forget to sign up for parent's evening. The class sheets will be in the canteen from Monday 1<sup>st</sup> February. If you do not bring your child to school please telephone or write a note to us to make an appointment.
