

Wells-next-the-Sea Nursery School Newsletter Summer Term 2016 - Week 3

The children have had a very busy week, not only building houses for themselves to live in, but creating a special area for minibeasts.

The builders quickly cleared the site for our new wildlife area and helped to re-landscape it.

We looked at images of Bug Hotels and searched around our outside area to see if we had enough suitable materials to make one of our own. We found all sorts of things, from bricks and lengths of wood, to interesting shells and sticks.

We had great fun when Polly brought in her bubble machine and some balloons for her birthday. Thank you Polly!

Juliet Hardy, Cat Cameron and Simon Scillitoe (Nursery Team)
