

This week we have continued learning about the smaller creatures on our island. We have collected and observed snails and slugs.

We even made a special habitat for them to live in. The children collected soil, stones, damp leaves, a piece of wood and an old plant pot for them to live in. One of our snails kept escaping, so we had to find something suitable to cover the container.

We watched the snails moving and then made our own snail trails using finger paints which we then printed. A very slimy job!

Children have also enjoyed making and drawing their own snails.

#### Diary Dates

On Tuesday 10<sup>th</sup> May, I will be talking to parents of children starting Nursery School next year at 5-30pm. Mrs Norman will be talking to parents of children starting Reception Class at 6pm and Miss Westmacott to children starting in Year 1 at 6-30pm.

On Thursday 12<sup>th</sup> May, we will be visiting the Wells library from 10am until 11am for a puppet show. Children will need to bring an adult with them please.

Juliet Hardy, Cat Cameron and Jenny Savoury (Nursery Team).
